Curtain Rises on *Confetti* This Summer at Circus Juventas

July 29 - August 14 under the big top in Saint Paul

(Saint Paul, MN) Circus Juventas' spectacular summer production, *Confetti*, follows a troupe of young circus performers on a mystical journey through iconic moments in circus history. The show performs at the air-conditioned, permanent big top, 1270 Montreal Ave, Saint Paul, from **July 29 to August 14** for 16 breathtaking performances. The Sunday matinee, 1 p.m., July 31, will have an ASL/AD interpreter. Tickets go on sale on Monday, June 27 at 10 a.m., with prices ranging from \$25 to \$50. This year, tickets will be sold exclusively online through [ShoWare](#). Masks will be optional; the Circus Juventas venue hosts a large, open arena with a ventilation system and updated HEPA air filters.

In true circus tradition, Circus Juventas performers have trained for nearly a year in preparation for this annual summer spectacular. Audiences will witness gripping new acts such as fire jump rope, extreme unicycle, and a 90-foot wire walk without a net will present alongside returning favorites like teeterboard, wall trampoline, and flying trapeze. "We cannot wait to unveil our new blindfolded trick on *the outside* of the rotating wheel of steel – it's guaranteed to have you at the edge of your seat," says Dan Butler, co-founder and executive director.

Confetti takes audiences on a vision quest through history, highlighting the landmark circus acts over 600 years. "We are emphasizing intricate scenery, costumes, and theatrics so each stop along the way will transport the audience to the most thrilling stages in circus history," says Elizabeth "Betty" Butler, Circus Juventas' co-founder and artistic director. The journey begins when a mysterious fortune-telling machine sets a group of uncertain young circus performers on a path to discover their purpose when they find themselves at the end of their careers with

Ringling Bros. and Barnum & Bailey. First, the young time-travelers find themselves juggling with minstrels in Renaissance Italy. Next, they visit Phillip Astley at the dawn of the circus ring, complete with a life-size equestrian puppet created by puppet designer [Christopher Lutter-Gardella](#). Next, they witness the invention of the flying trapeze in turn-of-the-century Paris, rub shoulders with P.T. Barnum in New York and fall into the surreal world of Cirque Nouveau.

Audiences of all ages will be enthralled by this whirlwind adventure, unearthing circus past to discover the meaning of circus future.
