## Hello Spring Show Teams!

If you decide to purchase makeup, we have created a guide to help you determine which kinds of products you need to buy, which specific products we recommend, and where you can find them! First off, below are the basics you need to create the "Classic Spring show" look – you have <u>TWO OPTIONS</u> for products to complete this look. You can opt for the '*Normal makeup products*' that can easily be found at Target/CVS/Amazon etc. OR you can opt for the '*Theater makeup products*' that CJ typically buys for our productions. Feel free to mix and match if that works best for you or simply choose option 1 or option 2!

Whichever option you choose, you will need these kinds of products:

- 1. Black Pencil Eyeliner
- 2. White Base (cream or liquid)
- 3. **Setting Powder** (for your white base)
- 4. **Colored Eyeshadow** (to match your costume(s)) (<u>refer to last page to find your act/costume color</u>; if you have more than one act, choose your favorite!)

#### and optionally:

- 5. Liquid Eyeliner (to line your lash-line)
- 6. Glitter Glue
- 7. **Glitter** (to match the color of your eyeshadow)

## **OPTION 1**

### **Normal Makeup Products**

Below is a list of "normal" (aka more accessible) makeup products. We mainly linked items from the Ulta website, but have a few items from Colourpop as options. Most of these items you can find at physical Ulta stores if you don't want to purchase online. You could probably find many of the same products at Target/Walmart/CVS/Walgreens/Amazon as well. If you find similar products, feel free to purchase those instead, as this list is just a general guide for you!

The items are in no particular order, we just want to give you multiple options.

## **Pencil Black Eyeliner:**

Make sure for the outlines, that the liner is NOT LIQUID LINER! If you want to line your lash-line though, the liquid liner will work great for that.

NYX Jumbo Eye Pencil -- Milk

## **Setting Powder:**

Either white or translucent powder will work for setting the cream white base.

NYX Finish Powder -- Translucent

Essence All About Matte! Fixing Compact Powder

#### **Eyeshadow:**

Single eyeshadows are surprisingly hard to find as eyeshadow palettes are more popular nowadays. For colors, try to find one that matches your costume (or one of them if you have multiple). We recommend powder eyeshadows.

Ulta Eyeshadow Single

NYX Hot Singles Eyeshadow

Colourpop Pressed Powder Shadow (Different Website)

Avoid the glitter finish/"pressed glitter options," as they will not work in the same way as the "pressed powder shadows."

#### \*Optional! -- Glitter Glue:

NYX Glitter Primer

## \*Optional! -- Glitter:

At CJ, we usually buy craft extra fine glitter from Michaels, but if you would like to order online, here are some options:

NYX Face and Body Glitter -- whichever color matches your eyeshadow https://www.ulta.com/face-body-glitter?productId=xlsImpprod13461013

NYX Metallic Glitter -- whichever color matches your eyeshadow https://www.ulta.com/metallic-glitter?productId=xlsImpprod17451075

## **Theater Makeup Products**

Below are options from a cosmetic website CJ buys makeup from often. These will generally be more expensive options because the brands are performance-oriented, but what you choose to buy is completely up to you.

#### **Pencil Black Eyeliner:**

CJ uses the same eyeliner as the products listed above, but if you want to buy everything from the CameraReadyCosmetics website for ease, this is probably your best option:
